

## How does school help you to grow?

We learn forgiveness, respect and happiness. We know we can learn from our mistakes.

Adults boost our confidence in every way so that when we are older we will be able to use our confidence.

Teachers are funny and hard working. I have fun while I am learning.

Adults help me to have confidence for me and my future. They help me understand the world and tell me about the wisdom of God.

They plan amazing lessons and help us to persevere until we achieve.

They support you no matter what and if you don't understand they will help you.

They help us learn and make us happy

We have fun lessons and they make me feel like I belong in school

They make lessons enjoyable and help me to be spiritually open.

Teachers help our confidence because no matter what they will always let you talk to them.

They teach us different subjects so we can believe more in ourselves and also God.

They plan fun lessons so we enjoy learning. They teach us values that we can use them every day.

They care for us and help us feel that we belong here.

Teachers help us so we can be better at everything so we can tackle the world

The teachers help us by teaching us French. We can have a conversation when we go to another country.

They push you hard to do your best.

They help us grow by teaching us different skills.

If we can't do it they come over and support us. This helps us not to give up.

Teachers teach us RE. It helps to keep our faith in God
