

# Courage

What difference has worship made to you?

All of the people who were courageous advocates never gave up and kept believing for what they thought was right. I will try to do the same.

We can always follow our hearts and have courage to do the right thing.

Have courage to stand out from the crowd and be yourself.

Speak up for others who are not brave enough to do it themselves.

It makes me try things that I used to be scared about.

After the assembly I made better decisions and began to stand up for myself and others more.

I jumped in at swimming – I had to be brave.

We have to practise courage everyday and work on it generously.

I had courage when I saw the spider.

Don't be scared, step outside of your comfort zone and believe in yourself.

I needed courage to go down the big slide.

That no matter how small you are, you can always make a difference.
