

# Forgiveness

What difference has worship made to you?

In worship we learnt that if you do something to someone, you could say 'I am sorry, I was wrong, please forgive me'

I remember the pin went into Mrs Darby's hand and she closed it and didn't let go so it was hurting her It was teaching us to try and let go and not hold onto things as it could hurt or upset us.

Give people second chances and treat them how you want to be treated.

Jesus forgave Judas so we should forgive others

You feel happy when you say sorry.

If you don't forgive you will always be angry.

Jesus said he will forgive him 70x7 times which is a lot!

Always remember to say sorry and it's good to forgive

I remember that all the servants had to give the money back but one servant didn't have the money and so he said 'Please forgive me!' and the King wasn't happy but then the King let it go.

I forgave my brother and sister when they hurt me.
