

# Diversity and inclusion

## How has worship helped you?

Diversity and inclusion reminds me to be me and not try to be anyone else. (Y6)

We should not put people in boxes. Don't judge. (Y5)

We watched a video of a boy where someone who was different got picked on, and I learnt to never do that. (Y5)

I think before I act because you don't know how people are feeling and it has helped my actions against others (Y5)

This helps me because I won't leave people out. (Y5)

Before I got annoyed when people keep asking me if they could play and after that worship I changed (Y3)

That you should treat people how you want them to treat you.. (Y5)

That you should always be helpful and care for everyone.(Y4)

Before I did not play with people in other classes but now I play with other classes. (Y3)

It helps you include people if they are sitting alone. (Y6)

To help people belong and to not exclude them. (Y6)

I have learnt to give people chance because we all deserve it (Y5)

When someone wanted to play I said yes. (Y3)

Remember we are all special (Y3)
