This week...

Notable achievements in our learning this week have been...

- **Reception** have made some excellent patterns in maths this week.
- **Year 1** have been posing questions to God about his creation starting with, "I wonder why..."
- **Year 2** have loved Maths this week and have demonstrated excellent 2-D and 3-D shape knowledge.
- **Year 3** enjoyed learning about different types of fossils and the process of fossilisation.
- **In Year 4** a significant moment was super acting, singing and listening in our Black History workshop.
- **Year 5** pupils were so engaged looking at the oldest piece of text written in English that we still have access to!
- **Year 6** have had thoughtful and mature discussions during an RE lesson on the different denominations of Christianity and how they differ.

Collective Worship

Continuing with our Collective Worship focus on People of God, we shared a further significant moment in the life of Moses. When Moses had grown up and married, God spoke to him through a burning bush asking that he go to 'set his people free'.

Moses was nervous and doubted his ability to be used by God but God gave him miraculous signs to show his power.

In the same way that Moses would help his people, we too can help others, even when we don't feel good enough or able to.

We made promises in our hearts and minds to help others and go the extra mile.
